WHEN THE POWER LINE FAILS . . .

BE PREPARED AND
PROTECT YOUR FAMILY WITH MAGICAL
BRIGHT, WHITE LIGHT AND FEEL SAFE
Eighty years ago, a very small boy on a Nebraska farm read and re-read the Arabian Nights story of Aladdin in a room of darkness but for the flickering yellow light of an open flame “coal oil lamp.” Several years later that boy, grown to manhood, found a lamp that erased the darkness with a soft white light and it was only natural that he named the lamp “Aladdin.” An appropriate name, indeed, for this revolutionary boon to rural America seemed nothing short of magical in the intensity of its light.

For those who lit the lamp, trimmed its wick and cleaned its chimney, or just enjoyed its friendly glow, the Aladdin recalls many memories of golden childhood. It made learning possible for many boys and girls: made it possible for them to acquire knowledge that helped them realize their dreams and aspirations.

Later, Aladdin brought this white light to every kind of habitat in every corner of the globe. For many, it has been the only light of their entire life. Even when electricity comes, there are a loyal few who profess to use the electric light only ‘to find the match’ to light their Aladdin.”

Victor S. Johnson, Jr.

Aladdin Magical Mantle System

Ordinary No. 2 size kerosene “flat wick lamps” produce approximately the light of six (6) birthday cake candles, all burning at once, and the light is emitted from the wick flame. Aladdin magical mantle lamps, on the other hand, produce over forty (40) candlepower or more than six times as much light.

Aladdin magical mantle light is created from the heat of the Aladdin blue flame burner, which incandesces or makes glow the mantle that sits atop the blue flame. Thus heat is transformed into soft, efficient, mellow light that is closest to sunlight, which is most pleasing to the human eye.

The beautiful magical mantle light from an Aladdin is an excitement to behold. The Aladdin is simply a pleasure to operate, too, and there is no pumping up required, and there is no noise, nor is there smoke or odor associated with flat wick lamps.

Indeed, Aladdin is the best non electric lamp you can find on the planet. Be prepared. Have your Aladdin ready, when the electricity fails. A match and a moment is all it takes to make your family feel safe.

Aladdin means: “Light where you want it--When you want it--Without the need for electricity. THAT'S THE MAGIC OF ALADDIN!”

**A Lovely Choice for Every Room**
ALEXANDRIA™
Glass Table Lamps

New Creative Design that’s Bold & Beautiful...

Originally introduced in 1917, as Aladdin Model No. 7 solid brass lamp, the Alexandria was re-created in 2012 as a beautiful new design in gleaming crystal glass. Alexandria is available in two delicious tasting, sure to please, colors - deep sparkling cobalt blue or delightfully pure clear crystal. Alexandria is available with a choice of two stylish 10” glass decorator shades along with a selection of three tastefully hand crafted, 16” fluted parchment shades that will surely complement most any decor.

Lincoln Drape Lamps

Light Where You Want It
When You Want It!

The Ever Beautiful Lincoln Drape Lamps

Striking colors, combined with a classic design, have made the Lincoln Drape a favorite for generations. Available in three enchanting decorator colors, plus traditional clear glass, Aladdin Lincoln Drape Lamps were created in 1939 by fabled Aladdin designer, Eugene Schwartz. The most popular of the full-sized table lamps, the Lincoln Drape is an American favorite.

The beauty of Aladdin Magical Mantle Lamps is that you have Light Where You Want It - When You Want It. No electric power is required. Aladdin Lamps provide strong, dependable, white light for your home, lake cottage, mountain retreat or just about anywhere. Aladdin Lamps give you the freedom to go where you want and know that you'll have the comfort and security of Aladdin's warm light at your side.

The Aladdin Lincoln Drape Lamp can be purchased without a shade. A wide range of stunning glass and parchment shades can be added to achieve the effect sought by the most discriminating decorator.

More - Ever Beautiful Lincoln Drape Lamps

The latest addition to the fabulous line of Aladdin Lincoln Drape table lamps is the new breathtaking Amethyst color that adds royalty to any home. Amethyst is now our best selling Lincoln Drape lamp and is sure to please. It is available with a new special decorated 10” glass shade that wonderfully enhances the fabulous Amethyst color. Also available less shade.

Rounding out the Aladdin line of Lincoln Drape lamps is the beautiful and dazzling Emerald Green color that has been a best seller for many years. Available with two nicely decorated 10” glass shades to complement most any decor. Also available less shade.

Light and comfort without the need for electricity.

THAT’S ALADDIN
Deluxe Brass Table Lamps

Beauty, Charm and Grace . . .

WORLD’S BEST KEROSENE OIL LAMP

The Aladdin Deluxe Solid Brass Table Lamp is the finest kerosene oil lamp in the world today. Original styling dates back to 1907, when V. S. Johnson Sr., founder of Aladdin, first introduced the Practicus Lamp. Now, some 20 million magical mantle lamps later, Aladdin is still bringing joyful, and peaceful bright light to those without electrical power.

Aladdin light is a marvel to behold. Those who see it say it is magical, because the Aladdin mantle produces such a bright light without electricity. You can easily adjust its intensity from a charming candle glow to full brightness with just a simple turn of the burner knob.

Unlike ordinary flat wick lamps, the Aladdin Magical Mantle produces beautiful white light, without smoke, soot or odor. In addition there is no noise associated with pressure lamps and no pumping is required, since the Aladdin burner system is gravity fed.

The Aladdin Deluxe Solid Brass Table Lamp is expertly crafted from heavy gauge brass with hand soldered joints to assure top quality. Each is submerged water tested, too, to prevent fuel leakage. Lamp font holds 1 1/2 quarts and burns for 18 hours on one filling. This is the best oil lamp you can purchase anywhere and we are proud to call it ALADDIN.

Florentine Vase Lamps equipped with 1-Quart Solid Brass Bowl that lifts out for easy refueling. Lamp burns 12 hours on filling. Like all Aladdin Magical Mantle Lamps the Florentine will give you and your family years and years of service, because all the metal parts are manufactured of solid brass that will last a lifetime. Light from your Florentine will bring joy, peace and happiness to your family, as it will erase the darkness and bring peace of mind. THAT’S ALADDIN!

The Genie III Lamp

Our Hardest Working Lamp and Best Seller, too!

The Genie III is by far our most versatile Aladdin Magical Mantle Lamp. Use the Genie III in three different ways:

• Shelf Lamp that you can move from room to room. It sits most anywhere.
• Wall Lamp when installed in an Aladdin wall bracket such as our P152-4B.
• Hanging Lamp when installed in an Aladdin hanging frame like our H715.

Bums 12 Hours Before Refilling

Like all Aladdin Magical Mantle Lamps, The Genie III delivers strong, bright white light in time of emergency. It is light that you can count on, too, because there is no noise, no smoke, no odor and no pumping up is required. And best of all, there is no electricity needed. Just a match and a moment brings beautiful white incandescent mantle light to your family that will make them feel safe and loved.

Be prepared, before the power fails!

Light Where You Want It
When You Want It!

Originally designed back in the rockin’ 1950’s, as the primary source of light for out in the country rural homes, cabins and trailers. Today these great Aladdin aluminum lamps are making a strong comeback as the first choice of preppers around the globe. Each piece is beautifully produced in a rugged, satin aluminum and looks great in most every rustic decor.

ORDERING INFORMATION

You can order any Aladdin 10” glass shade with your Aladdin Magical Mantle Lamp. Genuine Aladdin brand glass shades are specifically designed to take the heat from the Exclusive Aladdin Blue Flame burner. To order add shade number to lamp model number as suffix. Example: K102-301 equals Model #K102 Deluxe Brass Table Lamp with number N301 Triple Cased Green Ribbed Shade. Also, any shade can be ordered as a separate item. All Aladdin 10” shades have 9 7/8 inch bottom fitters to fit 10” shade rings.
Aladdin Lamp Fuel is the best stuff you can buy for your Aladdin, as it is highly refined kerosene with very little odor, and is designed to burn best in Aladdin Magical Mantle Lamps. It is available in No. 17552 Quarts and No. 17554 1-Gallon sizes. When genuine Aladdin Lamp Fuel cannot be found locally, your next best fuel alternative is K-1 Grade (1-K in some areas) Kerosene widely available at home centers, such as, Home Depot and Lowes. K-1 Kerosene is also available at many gas stations around the country.
INSIST ON GENUINE ALADDIN LAMP PARTS

To ensure that your Aladdin Kerosene Mantle Lamp operates correctly in time of emergency, tell your dealer that you will only purchase Genuine Aladdin Lamp Parts. Don’t settle for reproductions, imitations or “knock offs” because they have not been manufactured to the highest standards specified by Aladdin Engineering.
